SUMMER 2022 CAMP HANDBOOK & SAFETY PLAN

WELCOME CAMP FAMILIES!

We're incredibly excited about this summer and everything it has in store for you and your family. Each day promises to be full of new experiences, good friends and great basketball. To ensure that you get the most out of your Brooklyn Nets Basketball Academy experience, we have put together this Camp Handbook.

Please be sure to read this handbook, as it outlines some important information about Camp. You can also access this information and more details by visiting our website at brooklynnetsbasketballcamps.com.

Once again, we would like to extend a warm welcome to you this summer. If there is anything we can do to ensure that you get the most out of your camp experience, please let us know anytime at info@brooklynnetsbasketballcamps.com.

HEALTH GUIDELINES

A SAFE ENVIRONMENT FOR PLAYERS

Increased safety procedures and policies were developed in 2021 to minimize risk and provide our campers with a memorable camp experience. After such a successful summer, we at Brooklyn Nets Basketball Academy have ensured the same measures will be taken this Summer 2022.

LIMITING THE NUMBER OF PLAYERS AT EACH SITE

Brooklyn Nets Basketball Academy has limited the number of registrants at each camp this summer. This will help us to ensure that camp is smaller at each location.

PROMOTING PROTECTIVE MEASURES

Brooklyn Nets Basketball Academy locations will follow state and local guidelines. We will promote protective measures through facility signage and staff communication to campers.

MANDATORY HEALTH FORM REQUIREMENTS

Safety is our #1 priority, and all campers are required to have an updated physician's or health care provider's signature before the 2022 camp season begins (valid from May 2021). Updated immunization records will be required for all campers.

MEDICATION

All campers with ANY food allergies are required to have an injectable epinephrine pen with them while they are with us at camp. We only permit emergency medications at our camps: Epinephrine injection for food allergies or rescue inhalers for asthma. Campers must be able to self-administer medication.

ILLNESS

To ensure the health and safety of all players and staff members, please follow our COVID-19 Symptom Management Plan.

STAYING HEALTHY WHILE HAVING FUN IN THE SUN

Hydration

It is important that our campers stay hydrated, and we encourage our campers to drink water throughout the day. Our Coaching Staff will offer frequent reminders and give opportunities for water breaks during the camp day. Please provide enough beverages to last the entire day.

Sunscreen Tips

Apply sunscreen in the morning before camp and use a waterproof or water-resistant sunscreen with SPF 30+. Optional as courts are indoors.
